Invitation

to pure relaxation

The Celebrity Promise

of total comfort & safety

It's our promise and commitment to offer total comfort. Every piece of upholstery is designed and handcrafted in our UK based 108,000 square foot factory, using the traditional skills of local craftsmen and covered by our 5 year, peace of mind guarantee.

Our recliners adjust to an almost infinite variety of positions and can raise the sitter effortlessly to their feet, all at the touch of a button. Total recliner comfort is guaranteed, with the choice of up to 5 recliner sizes to fulfil the promise of a perfect sitting position. Each Celebrity collection is available with matching fixed chairs and in most cases, all-action settees, designed to create the perfect suite.

Comfort means choosing the perfectly sized recliner.

Celebrity recliners are available in a choice of up to 5 sizes to offer a perfect sitting position, including our new Low Profile recliners available on 4 ranges Woburn, Westbury, Regent and Pembroke. But choice doesn't end with size, our recliners are available with manual or powered actions.

Woburn Riser-Recliner
Celebrity's Woburn recliner was the first to offer customers a 'Tailored-to-Fit' concept and now our Woburn Riser Recliner has been rated as a Which? Best Buy.

Tested and Recognised

Celebrity has been awarded the FIRA test certificate for BS EN 8474:2013—the new performance standard for rising/reclining chairs. This internationally recognised standard tests and specifies the safety, strength, stability and durability of the chairs structure.

The certification applies to both Single and Dual Motor Lift/Tilt recliners (excluding Low Profile models) up to a weight limit of 160kg/25 stone. This FIRA certification is further validation of Celebrity's product quality and safety.

New 360° Swivel option available on manual recliners.

See page 26 for full details.

Comfort

is all about choosing the right size - with super fast delivery

Celebrity takes the waiting out of wanting to enjoy total comfort. There are now four recliner collections available on super fast 'ZipSPEED' delivery and as leaders in the 'Tailored-to-Fit' concept we can promise the perfectly sized recliner. Recliners are available in a choice of up to 5 sizes for ZipSPEED and unlike other recliners, the seat height along with the width and depth are adjusted.

Celebrity has built an enviable reputation as one of the UK's leading manufacturers of quality upholstery. With our commitment to customer peace of mind, every recliner's motor, action and frame is covered by a 5 year guarantee.

Manual or powered control

Manual recliners feature our wall-hugger action which allows the recliner to be positioned just 50mm from the wall whilst still being able to fully recline.

Power models are available with an easy to operate handset or button option. To offer more flexibility the dual motor allows independent adjustment of the chair back and footrest to maximise comfort.

All-action comfort

with our suites & settees

With Celebrity, comfort is really where the action is. Customers have asked us if our matching settees could have the added comfort of reclining backs and raised footrests. So, we have created models featuring these benefits.

The luxury of natural Leather

Celebrity has chosen to source its upholstery leather from right here in the UK.

It was important that we chose a range of quality, durable and hardwearing hides that reflects the care and attention to detail that goes into every recliner and settee. With this in mind, we have chosen Yarwood of Leeds, a specialist in the manufacture of premier quality leather.

Celebrity's chosen collections include both single and two-tone options in a range of contemporary and traditional hide finishes. To help customers understand the differences in varying grades of leather we have formulated 2 categories: Semi Natural Hide and Natural Hide.

YARWOOD
Leather

Westbury suite illustrated in Cosmopolitan Marble

Westbury Suite Illustrated in Antique Walnut

Leather categories

Semi Natural Hide

Although a degree of embossing is used, some of the original marking and colouring of the hide is retained, as is its natural softness. This means that some colour variation on the leather is to be expected and adds to the look of quality.
(Antique and Cambridge hides)

Natural Hide

Here, only a minimum of embossing has been applied, leaving a soft, natural feel with more of the grain and colour variation left on the surface. Over time this colouring will mellow and increase the visual appeal of the hide as it matures and patinates.
(Capri, Cosmopolitan and Hammersmith hides)

New Cosmopolitan Leather

The new Cosmopolitan 'super soft' natural leather offers customers luxury leather at a cost effective price. Cosmopolitan leather is suitable for all Celebrity leather models and available on ZipSPEED.

Innovation

New 360° Swivel Motion available on all Manual Recliners

We believe that unrestrictive movement is the secret to total comfort, so as well as making reclining easy and natural we have added the option of a 360° rotation swivel base on all our Manual Recliners.

Swivel
360° motion

Wall hugger action

Manual recliners can be positioned up to 50mm (c2.5") from the wall and still recline perfectly.

Rechargeable battery Pack

For each riser-recliner we offer a rechargeable battery back-up system that will allow use of the chair, in the event of a power failure. This option is available at an extra cost and performance will vary according to use weight.

Recliner Glides

Easy to fit and an alternative to castors, reducing movement on hard surfaces.

Safety First Features

- **Quick release handset:** ensures there is no unauthorised use of the recliner e.g. by children. Detaching the handset renders the recliner inoperable.
- **Sprung loaded footrest:** reduces the risk of accidental entrapment under the footrest.
- **Emergency double battery reset:** allows one emergency operation of the chair. Returns chair to the REST position.
- **LED power indicator:** lights instantly to show that power is reaching the chair.

Finger - tip control

Control of your powered recliner has always been a key consideration, both our Single Motor and Dual Motor recliners have been designed for effortless ease of use.

Single motor models have a choice of either an integrated button, built into the chair, or a 3 button handset, featuring a single reset button, which gently brings the recliner back to its rest position.

Dual Motor recliners have a slim, illuminated handset, with 5 clear buttons, allowing complete control and independent adjustment of the back and footrest.

Massage system available on most powered riser recliners

Our new 10 motor massage system incorporates a colour LCD display making it easy to understand and control the operation of the system.

Massage Benefits

- Manual selection of 5 separate massage areas.
- 3 pre-set programmes.
- WAVE function for a full top to toe massage.
- Heat pad offers gentle warmth to lower back.

Please note that anyone with a medical device (e.g. pacemaker) or medical condition must consult their doctor/healthcare professional before purchasing a massage system.

Tested and Recognised

Celebrity has been awarded the FIRA test certificate for BS EN 8474:2013—the new performance standard for rising/reclining chairs. This internationally recognised standard tests and specifies the safety, strength, stability and durability of the chairs structure, validating Celebrity's product quality and safety.

The certification applies to both Single and Dual Motor Lift/Tilt recliners (excluding Low Profile models) up to a weight limit of 160kg/25 stone. This FIRA certification is further validation of Celebrity's product quality and safety.
